VOLUME 3. MARYVILLE, MISSOURI, SATURDAY, JUNE 8, 1912. No. 5.

LEVY IS NINE MILLS

CITY COUNCIL PROVIDED FOR YEAR'S REVENUE FRIDAY NIGHT

AFTER AUTO SPEEDERS

Ordinance Regulating Speed and Fixing Penalties, Besides Much Other Business Transacted.

Much business was transacted by the city council at its regular meeting held Friday night. A number of ordinance were passed, outside of allowing bills and receiving the reports of the various officers for the month of May. The council was in session up to 11:30 o'clock and took an adjournment at that time to meet on Monday night when other matters will be taken up.

The tax levy for the year 1912 was made by the council. A tax of 4 mills on the $1 valuation was made for general revenue purposes; a poll tax of $2 for each male person between the ages of 21 and 51, which can be taken out by work by the person himself, otherwise the money is to be collected by street commissioner and turned into the city treasury; 1 mill tax on each $1 valuation for library purposes; a special tax of 1 mill on each $1 valuation to provide a sinking fund for certain bonds of the city; a special tax of 1 mill on each $1 valuation to pay semi-annual interest of certain bonds to be known as the macadam bond issue fund; a 1 mill tax on each $1 valuation for sewer sinking fund; this will make a city tax of 90 cents for each $100 assessed valuation.

F. P. Robinson, attorney for J. W. Morris, addressed the board and again asked that the council issue a commission to J. W. Morris as police judge. The matter will be taken up by the council at their meeting Monday night.

Mayor Robey appointed Superintendent C. A. Hawkins, R. L. McDougal and George Robb Elison as members of the Library board, their terms being out. The appointments were confirmed by the council. Bert Mack was also appointed night policeman for a year, the appointment also being confirmed.

An ordinance regulating the speed of motor vehicles and motor cycles was adopted by the council. The speed was fixed at 8 miles an hour for the business section of the city, 10 miles for residence section; and 6 miles an hour going around a corner. The city intends to enforce this ordinance and any one caught speeding on a motor cycle will be arrested.

The automobile ordinance is a stringent one. It is copied after the state laws and provides for street driving and that lights must be on after a half-hour after sunset, and that a signal be given when going around corners. Much complaint has been made about automobiles since there are so many cars here and the city took this step so as to prevent accidents.

A number of sidewalk ordinances were also passed by the council.

A building permit was granted to Drs. Wallis for building to their office building on South Main street. Another permit granted was to Childress store for a gasoline tank.

G. M. Campbell resigned as weighmaster and Mayor Robey appointed J. W. Armstrong. The appointment was confirmed by the board.

The delinquent tax list was ordered dropped from the general tax book.

Chief of Police Moberly was appointed dog enumerator and to collect the tax.

TO HAVE BARBECUE

PLANS FOR FOURTH OF JULY INCLUDE A BIG FEAST.

ON THE PUBLIC SQUARE

Many Contests, Ladies' Band, Woodmen Drill Team, Company F and the Usual Public Speakers.

At a meeting Friday night of the committee in charge of the Fourth of July celebration to be held at Maryville by the Owls and the Woodmen, it was decided to hold the celebration up-town instead of the Normal park. The change was made owing to the fact that several of the merchants would rather have it around the square than way out from town.

A committee was out Saturday morning soliciting money for the celebration. It is necessary to have about $500 to go ahead with the plans now made; up to Saturday noon, over $400 was raised. The balance of the amount will be easily raised.

According to the plans now, the program of the day will consist of three concerts by the Ladies Band, drills by Company F and the Woodman drill team, athletic contests, speaking, Owls-Woodmen parade in the evening of the day, and if one can be secured, a balloon ascension in the evening.

The main feature of the day will be the barbecue to be held in the court house yard. Both the Democratic and Republican committee have promised to furnish a steer apiece for the occasion. The dinner will be from 11:30 to 1:30 o'clock and everyone is invited to attend.

For the political speaking of the day, B. R. Martin has already been secured. The committee is writing to other candidates and no doubt, many will come on this day.

Everything will be arranged for the comfort of the people. There will be seats in the court house yard, four tanks of ice water scattered around in the yard. A few concessions will be granted, such as merry-go-rounds and the like.

MEN'S BANQUET WELL ATTENDED

The Rain Kept Quite a Number From Being Present But Everybody Had a Good Time.

The women of the Baptist Church served a fine two-course dinner to the Men's Club of the church in the church parlors Friday evening. Owing to the heavy rain the country members were unable to attend, but there were thirty of the fifty members present.

The after dinner speeches were all fine and full of the right spirit that makes good feeling. Professor P. O. Landon presided over the short business session during which Rev. Lee Harrel, the pastor, was chosen toastmaster.

There were two out-of-town speakers, Walter F. David and William Farr, students of Columbia University, New York, who are visiting in the city. They both responded splendidly to the toasts given them: Mr. David on "What the Men's Club May Mean to the Church and Community;" and Mr. Farr on "The Women of the Church." The other toasts were:

"The Purpose of the Men's Club" by F. W. Olney."

"What the Men's Club Means to the Business Man and What the Old Club Did for This Church," P. O. Landon.

"What the Club Hopes to Do," Anderson Craig.

New officers were elected for the coming year as follows: Alfred Estes, president; O. L. Holmes, vice-president; Orlo Quinn, secretary; Captain Charles Hyslop, treasurer.

Social Committee—John Anderson, P. O. Landon, Professor E. L. Harrington, Ursle Crockett.

The club will meet again in two weeks in Director Landon's studio.

TAKEN BY ASYLUM

Walter Rogers Was Taken by the Asylum at Bartonsville, Ill.

Sheriff Tilson returned Friday night from Quincy, Ill., where he took Walter Rogers, the crazy man that has been in jail here. The sheriff was met by the authorities from the asylum at Bartonsville and they decided to take Rogers back to that institution, where he had been an inmate several years ago, escaping from that institution. Rogers was very peaceable on his trip and did not cause any trouble.

Mr. and Mrs. J. A. Sparks of Orrsburg were in town Friday.

MISS ANTHONY HONORED.

Normal Instructor Appointed Chairman of Executive Committee of State Home Economics

Miss Hettie M. Anthony, who is at the head of the Home Economics department of the Normal, has been honored by having been appointed chairman of the executive committee of the Home Economics Teachers' Organization of Missouri.

The position of chairman of this committee is a very responsible one and since the membership of the organization iacludes all the home economics instructors of the University and the Normal schools of Missouri, the appointment is indeed an honor.

Miss Anthony is recognized throughout the state as an authority in her department, and is called from time to time to deliver lectures before domestic science meetings throughout the district.

STARTED WORK AGAIN ON WELLS

The Seventh Well Was Begun Saturday Under Direction of Board of Public Works.

The seventh test well to find out if a city supply of water could be furnished from wells, was dug Saturday morning. At a depth of 17 feet, sand and gravel was struck and on Saturday they were still in the sand and gravel bed being 22 feet deep. The indications are that this well is better than any of the others. Several more wells will be dug on the land near the Wabash track east of the city.

CHAS. BARTON DEAD

EXPIRED IN ST. JOSEPH HOSPITAL AT 9 O'CLOCK FRIDAY NIGHT

WIFE MAY NOT RECOVER

Blood Poisoning is Principal Danger for Woman Whose Husband Shot Her and Himself.

Charles Barton, the brother of Herman G. Barton of this city, who shot himself and his wife at their home in St. Joseph Thursday evening while in a drunken frenzy, died in St Joseph's hospital Friday night at 9 o'clock.

Herman Barton of this city went to St. Joseph Friday evening. He telephoned his family about his brother's death at 9:30 Friday night.

Another telephone message from him Saturday morning at 6 o'clock stated that the physicians have no hope of Mrs. Barton's recovery.

Two of the bullets fired into the woman passed entirely through her. The third lodged in the back, near the left shoulder, and was removed by the doctors this morning. The cavaties of both lungs were penetrated, but the lungs proper were not touched. The doctors say blood poisoning is her principal danger now.

The Bartons have two children, Neoma, ten years old, and Harry, eight years old. They were at a neighbor's house when the shooting took place, but they returned home before the police arrived. The family has lived in St. Joseph since last November, having removed there from Maryville. Prior to their residence in Maryville they lived in Burlington Junction and Parnell. The couple was married in St. Joseph twelve years ago. Barton until several days ago was employed by Swift & Company as a produce buyer at Savannah.

Mrs. Barton has three brothers and two sisters living in St. Joseph, George Henry and August Schnaitman and Miss Alma Schnaitman and Mrs. Sophia McClane.

HAD DELIGHTFUL VOYAGE.

Miss Mae Corwin Cabled Saturday From Gibralter of Smooth Seas and Fair Skies.

Mr. and Mrs. C. C. Corwin received a cablegram Friday evening at 7 o'clock from their daughter, Miss Mae Corwin, which announced the arrival of herself and party at Gibralter, after a delightful voyage on the steamer Moltke.

The message from Miss Corwin came a day sooner than was expected by her parents, as the steamer on which they sailed out of New York City at ten o'clock in the morning of May 29, struck a sand bar in Ambrose channel and had to stay there until five o'clock in the evening, when they drifted out with the tide. It seems that the Moltke made up the time lost at the beginning of the voyage, as the journey was made in exactly nine days.

OILING NORMAL ROAD.

Expriment Being Tried Here Which Has Proven Successful Elsewhere.

The Normal commenced work Friday on the oiling of the road leading to the building. The road bed was scraped off and then a discus used, scraping all of the dirt off. On Monday, the oil will be used. They will apply three coats of oil and the plan that will be used will be to put some of the dirt back in the road and then apply the oil, keeping this up for three layers of the road. Then for the top layer, the oil will be put on and the road will be in a curve shape, or in other words, the center of the road will be much higher than at the edges. There will also be a ditch at each side of the road.

It is figured that 40 barrels of oil will be necessary to be used. The oil is here, having been sent from the Sugar Creek Refinery at Kansas City. The oil will be put on with the old city sprinkler.

The work and the result will be watched with interest as the city might also use the same plan for more of their roads. The city is to give a try-out of the oil for roads on West Third street from the end of the pavement to the Normal park.

Ed Sherlock Hart.

As Ed Sherlock was coming to Maryville on business Friday evening about five o'clock, his team became frightened by the loosening of one of the buggy shafts and ran away the distance of a block, turning the corner at Mulberry and Seventh streets. When the horses reached the George Conrad residence they ran up to the parkway and to the terrace, upsetting and tearing up the buggy considerably. Mr. Sherlock was thrown out in the buggy top, which broke the force of his fall, it is believed by those who saw the runaway, to the extent of saving his life. He was bruised up a good deal and his left hand skinned up, but his wounds were attended to at the Conrad home. A can of cream Mr. Sherlock was bringing to town was thrown out and rolled around, but did not spill. The team was stopped by William Glaze, in front of his residence. Mr. Sherlock secured another buggy in which to go home.

TOWN HALL FOR PICKERING

Mother's Club Entertained Men Folks Who Discussed Much Needed Improvement.

The Pickering Mothers' club enjoyed an open air meeting Friday evening on the beautiful, shady lawn of Mr. and Mrs. O. G. Null. The meeting was opened by the president, Mrs. Laura Watson. After the opening preliminaries Mrs. John McGuire, the leader for the day, took charge. Hazel Jones and Sadie Neal favored the club with a duet. Hazel Rutherford and Rowena Hull gave recitations and Eugenia Hull sang, "Come Back to Play-land with Me." The leader then introduced a round table discussion upon "The Value and Advantages of a Kindergarten, and How to Secure One."

The mothers had invited the fathers and their children to take supper with them; and they did ample justice to the delicious lap supper consisting of ham and chicken sandwiches, deviled eggs, pickles, strawberries served with rich country cream, ice cream and cake.

After the refreshments were served the men were asked to speak upon the subject, "Does Pickering need a Town Hall." Dr. E. L. Crowson opened the discussion followed by Rev. H. J. Dueker. O. G. Null spoke on, "How to Agitate It." Howard Wray and C. G. McMillen on, "How to Finance the Project. Dr. J. R. Heryford and Rev. F. M. Lindenmeyer also added to the discussion.

The fathers voted unanimously that they would welcome a second invitation. All in all it was a delightful and profitable evening and the fathers are all willing to testify that the Mothers' club of Pickering does things.

WILL BE MEMORIAL SERVICE.

Pres. H. K. Taylor and Other Speakers Will Address People at Workman Chapel Sunday, June 16.

The annual basket meeting that is always at Workman chapel, ten miles northwest of Maryville, and seven miles east of Burlington Junction, the third Sunday in June, will be of more than usual interest this year as it will be a Memorial day service.

The people of that community can not observe decoration day in the manner they would like, so those who have the matter in charge have decided to make the annual basket dinner and meeting a regular memorial service. They have secured speakers who will deliver addreses appropriate to such a service and their names will be announced later.

President H. K. Taylor of the State Normal will deliver the principal address.

secretary, a positon she had held for two years.

The new state recording secretary of the P. E. O. is Miss Gladys Fowler, daughter of Judge and Mrs. C. R. Fowler of Edina, Mo. Miss Fowler has frequently visited Maryville at the home of her grandmother, Mrs. Calista Dawson.

Miss Todd was the guest of Mr. and Mrs. O. H. Perry while in Moberly. Mr. Perry is well remembered as a young Maryville druggist of a few years ago. He is now one of Moberly's foremost business men.

Will Give Missionary Tea.

At the meeting of the Womans' Missionary Society of the First Baptist Church, held Thursday afternoon at the home of Mrs. S. T. Gile, 309 East Edward street, it was decided to give a missionary tea some time this month at the home of Miss Ada Albert. The president, Mrs. Eugene Ogden also appointed the year book committee, which will soon meet to prepare the course of study for the coming year. Those comprising the committee are: Mrs. G. W. Hempstead, Rev. and Mrs. Lee Harrel, Mrs. Lewis White, Mrs. Anderson Craig, Miss Ada Albert and Mrs. M. E. Maiotte. After the business session the program opened with a Bible study led by Mrs. Maiotte, entitled: "A Missionary Maiden," the text for which was found in 2 Kings 5:1-19. Roll call was responded to with the names of persons Jesus healed or some reference to his healing work. The subject of the mission study was Medical Missions. Two papers were given, one by Mrs. M. E. Hunt on "Diseases of the Orient," and the other by Mrs. Lewis E. White on "Our Hospitals on the Foreign Field." There was one visitor at the meeting, Mrs. L. S. Yeo.

P. E. O. "Shower" for Bride-To-Be.

Miss Lelia Bonewitz was given a happy surprise Friday afternoon at the called meeting of the P. E. O. chapter held at the home of Mrs. J. C. Denham. The meeting was presumably for the purpose of hearing the report of the delegates to the state convention at Moberly, Miss Bonewitz and Miss Mabel Todd having returned that morning from the convention. Other busines of importance was attended to and all the business of the past year was attended to and closed, as this was the last meeting until September, when a new year will commence with the chapter. When the meeting was at its end, things took a sudden turn. A large table, bearing many packages, was brought into the parlor and placed before Miss Bonewitz, who, as we all know, is to be married next week. She was asked to open the packages, which were found to contain various things for housekeeping use. Accompanying each gift was an appropriate verse, which Miss Bonewitz read to the delight of everybody. Besides all these pretty gifts, each of the eighteen members present brought Miss Bonewitz a tea towel, hemstitched and marked with her initials. Mrs. Denham then served ices and cakes in the chapter colors, yellow and white.

In honor of her daughter, Virginia, Mrs. Stella Lawson entertained a few of her daughter's friends Friday afternoon at dominoes and with a guessing contest, in observance of her thirteenth birthday anniversary. Those present were: Mary Louise Andrews, Lou Mutz, Gladys Morehouse, Ada Diss, Doris, Cornett, Grace Ferritor, Helen Rose Crawford, Marie Landfather, Bernice Crawford, Blanche Landfather, Lela Maier, Mary Carpenter, Virginia Belle Dean, John Russell Robey, Paul C. Robey, Lawrence LaVern Robey, Donald L. Robey, Mr. W. A. Miller and Mayor A. S. Robey. Assisting the hostess were Mrs. Manorgan of Quitman, Mrs. Everett Heideman, Virginia Belle Dean and Mrs. Charles Viles. A color scheme of pink and white was used for decorating. On each of the four tables where the games were played and the refreshments served was a centerpiece of pink and white and vases of pink and white carnations or pink and white roses. In the progressive domino game Blanche Landfather won the first prize, an American Beauty rose. The consolation prize, a penny, went to Ada Diss. The prize in the guessing game, a beautiful Japanese vase, went to John Russell Robey. At five o'clock refreshments were served. At this time Mr. W. A. Miller came to join in the festivities, as it was also his birthday anniversary. The beautiful birthday cake had the name "Virginia," on the top and under it the figure "13." Twelve pink and white lighted candles surrounded the cake and one was placed in the center. The cake had a penny, a ring and a thimble in it. Mary Louise Andrews found the penny and she will of course become a millionairess. Grace Ferritor found the ring and was thought to become engaged right away. Virginia Lawson found the thimble, and although that is considered a very bad sign, it is no reason at all that she is going to be an old maid. After the refreshments were served the guests departed for their homes, and each was presented a pink or white carnation, all wishing Virginia many more such happy events. Among the many beautiful presents she received was a lovely gold watch and chain, given by her uncle, Alfred Royston. The guest of honor delighted her friends with several piano numbers.

The Tom Thumb Wedding.

One of the prettiest and most successful events that has taken place in the county in a long, long time, was the Tom Thumb wedding given at Palestine Christian Church, eleven miles southwest of Maryville, Thursday evening at 7:30 o'clock. The wedding was presented by twenty-seven children of the neighborhood, all between the ages of five and eleven years.

The church was decorated as for a real wedding and the children are entitled to all the praise they are receiving for the dignity, grace and sweetness with which they performed their parts.

The distinguished guests at the wedding do not more appear what and who they are than did the little folks who impersonated them that evening.

Each guest was announced on arrival by the usher, Edward Neal, who also escorted them to their seats, a complete list of whom are given below.

The sweet strains of the wedding march, played by Loretta Gex, daughter of Mr. and Mrs. John Gex, proclaimed the approach of the bridal party, which was preceded to the altar by the minister, Arthur Snowberger, eight-year-old son of Mr. and Mrs. Theodore Snowberger.

The little bride and bridegroom were Mary Gex, seven-year-old daughter of Mr. and Mrs. William Gex, and Ralph McDowell, nine-year-old son of Mr. and Mrs. C. C. McDowell.

The bride was gowned in white organdy and carried bridal roses. Her long white veil was held in place by a cluster of syringas, the mock orange blossom. Her bridesmaids, in pretty dresses of white, carried pink roses. The bridegroom and his groomsmen wore the conventional black dress suits.

The bridesmaids and groomsmen were Eva Crawford, Beulah McDowell and Elizabeth Shamberger; Anthony Gex, Robert Mountjoy and Joe Gex.

The little flower girls were Lucile Crawford and Zay McDowell.

After the ceremony congratulations were extended by the guests, who included:

President and Mrs. William H. Taft (Stanley Neal and Martha Norris.)

Governor and Mrs. Herbert S. Hadley (Willie Miller and Nina Shockley).

Judge and Mrs. William C. Ellison (Arthur Charles and Ruth Ramey).

Honorable and Mrs. William Jennings Bryan (Joe Mountjoy Burris and Pearl Smith).

Prosecuting Attorney George P. Wright and Mrs. Wright (T. J. McNeal and Virginia Burris).

Mr. and Mrs. June, parents of the bride (Oliver McNeal and Mary Smith).

Oscar and Adolph of the St. Joseph News-Press (William Lyle and Brooking Gex).

Skygart of Mars of the St. Joseph News-Press (Clarence Charles).

Representative-to-be William B. Gex and Mrs. Gex (Harold Miller and Mariam Catterson).

Judge and Mrs. Smith of the South District (Willis Lyle and Mildred Miller).

After congratulations had been extended the entire wedding party joined with the assembled multitude in a regular church social, ice cream, cake and strawberries being served. The ladies cleared $35 from their effort.

The success of the wedding is due Mrs. C. C. McDowell, Mrs. Henry Anderson, Mrs. Theodore Snowberger, Mrs. John Neal and Mrs. W. V. Mountjoy who made the arrangements and trained the children for their parts.

SAFETY

WABASH BLOCK SIGNALS

The Improvement Program on the Wabash provides for extensive installation of block signals. All of the new double track will be signalled with a modern type of semaphore signals, the construction being of the highest grade, with concrete battery walls and permanent material throughout.

Block signalling on a railroad consists of a track circuit, that is, bonding the rails together with copper wires around the joints. Copper wire is also carried on the telegraph pole line and connected with the track at both ends, at distances of a mile, which is the spacing of the signals and this section is insulated from the next, making what is termed in signal parlance, a "block section."

Each section has an overlap so that a train after passing a signal will not clear it until it has passed a point 2,000 feet beyond it, thus insuring that a signal will not give a clear indication with a train standing near it.

The signals are energized by batteries located along the track, and the battery is so arranged as to hold the signals clear. When a train enters upon a circuit, this has the effect of switching the battery off and the signal goes to stop of its own weight and remains there indefinitely, or so long as the train is in the block.

The apparatus is so sensitive that any metallic contact from rail to rail, such as a hand car or a crow bar laid across the track, will set the signals at danger.

The signals are located so that the enginemen of trains get sufficient view approaching them to stop a train before passing a signal.

The block signal rules under which Wabash trains operate are standardized by the American Railway Association, and the practice generally adopted is that a train finding a signal at danger on double track will come to a full stop and then proceed under control, until the next clear signal is reached. On single track, trains finding signals at danger must come to a stop and be preceded by a flagman until the next clear signal is reached. Thus the rules provide for absolute safety in train operation.

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me paln was raw eggs.

I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Thedford's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron." This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Thedford's."

UNVEIL STATUE OF DISCOVERER

Columbus Memorial Dedicated in National Capital.

PROCESSION IS IMPRESSIVE

Hundred Thousand Men in Line, With Symbolical Floats—Italian Ambassador Releases Flags and President Taft Speaks.

Washington, June 8.—While President Taft smiled his pleasantest smile and a crowd of spectators which taxed the capacity of the Union Station plaza loudly applauded, the Columbus memorial procession of nearly 100,000 men filed past the $100,000 monument to the discoverer of the western world, shortly after noon today.

The procession, which formed one of the most impressive pageants ever held in Washington, was made up of 15,000 soldiers, sailors and marines and from 80,000 to 85,000 citizens, Knights of Columbus and members of other patriotic and religious organizations.

Interspersed among the marching men were huge floats drawn by teams of four, eight and ten horses. They symbolized the advancing steps of civilization. A half dozen bands blared forth patriotic airs and the entire parade made an impression half solemn, half festive, as it proceeded along the line of march from the White House to Stanton square.

Work of Knights of Columbus.

The procession, and, in fact, the entire celebration and unveiling of the Columbus memorial was held under the auspices of the Knights of Columbus. That organization was instrumental in gaining the appropriation for the erection of the monument which stands on the broad plaza of the New Union station at Washington.

Brig. Gen. R. K. Evans, U. S. A., acted as grand marshal of the day, and rode at the head of the parade. The exercises began at the memorial at 2:30 o'clock. Secretary of State Knox held the gavel at the speakers' stand, and after Mgr. Thomas J. Shahan, rector of the Catholic University of America, had delivered the invocation, he introduced Justice Victor J. Dowling of the supreme court of New York, who delivered an address.

The Marquis Cusani-Confalonieri, Italian ambassador to the United States, then pulled the strings which released the huge American flag draped over the memorial, and as the Marine band struck up the national anthem, the colors floated down, revealing the heroic statue of the great navigator. When the first folds of the flag began to fall a battery of artillery commenced the thunder of a salute of 21 guns.

Address by President Taft.

When the noise from the cannon had subsided, Secretary Knox introduced President Taft, who addressed the assemblage at considerable length. The president reviewed the progress of civilization and described the important part Christopher Columbus had played in hastening it.

Tonight there will be a banquet at the New Willard hotel, which will be attended by several thousand persons.

The monument, which was designed by the late Daniel H. Burnham, architect, and Lorado Taft, sculptor, is placed directly in front and facing the capitol, which is only a few blocks distant.

ALUMINUM TRUST IS DESTROYED

Decree of Federal Court Puts an End to Combinations to Control Output or Prices.

Pittsburgh, Pa., June 8.—For the purpose of destroying the alleged substantial monopoly of the aluminum trust, an agreed decree was entered in the United States district court here against the Aluminum Company of America. The decree abrogates alleged unlawful contracts and the company is forbidden to participate in any combination or aggreement to control the output or prices of aluminum. The decree may be modified upon the production of evidence that it is working an injustice. Application for modification, however, cannot be made oftener than once in every three years.

MANY KILLED IN POWDER MILL

Two Hundred Tons in Austrian Factory Explodes—Bodies Widely Scattered.

Vienna, June 8.—Thirty men are known to have been killed and torn to pieces near here. Fragments of bodies scattered all over the vicinity indicated that possibly more were blown to their death by an explosion in an ammunition factory at Mollsdoerf. Two hundred tons of powder blew up and the countryside was shaken as by an earthquake.

Commerce Court Hard Hit.

Washington, June 8.—With the declaration that the commerce court was not to substitute itself for the interstate commerce commission the supreme court of the United States in decision after decision reversed the commerce court and upheld the interstate commerce commission.

STARTS MOVE TO IMPEACH HANFORD

Representative Berger Severely Arraings Federal Judge.

RESOLUTION ADOPTED BY HOUSE

Wisconsin Socialist Charges Series of Corrupt Decisions and Habitual Drunkenness—Will Answer Every Accusation.

Washington, June 8.—Representative Berger, Socialist, of Wisconsin, began impeachment proceedings against Federal Judge Hanford of Seattle, who recently deprived Leonard Olsson of that city of his citizenship because he was a Socialist.

Representative Berger charged Judge Hanford "with high crimes and misdemeanors, a long series of corrupt and unlawful decisions and being an habitual drunkard." He asked that the judiciary committee be instructed to investigate.

The department of justice is already assisting Olsson's attempt to have Judge Hanford's decision reopened.

Refuses to Discuss Matter.

Seattle, June 8.—United States District Judge Cornelius Hanford refused to discuss the impeachment proceedings, except to say that he would answer every charge made against him. He will hold court in Tacoma on next Wednesday, and it is expected he then will rule upon the petition of United States District Attorney W. G. McLearen for a reopening of the suit instituted by the district attorney's office for annulment of the citizenship papers of Leonard Olsson, which suit on May 10 was decided against Olsson.

The house adopted Mr. Berger's resolution directing the judiciary committee to investigate.

Olsson Naturalized.

On January 10, 1910, in Tacoma Leonard Olsson, a Scandinavian appeared as an applicant for final citizenship papers and a certificate of naturalization was issued to him.

On September 21, 1910, John Speed Smith, a naturalization examiner, filed an affidavit charging that Leonard Olsson under oath had stated that he was not attached to the principles of the constitution of the United States.

The district attorney's office thereupon filed a suit to annul Olsson's citizenship papers.

Judge Hanford had been on bad terms with the labor unions ever since 1893, when he caused troops to be used in the American Railway union strike.

Hanford aroused a storm during the Gill recall campaign of 1910 by issuing an injunction forbidding the recall election on petition of a non-resident property owner. The circuit court of appeals dissolved the injunction.

STOLE WHILE STILL IN PRISON

Paroled Convict Began Thievery Two Weeks Before Leaving Penitentiary.

St. Louis, June 8.—William W. Brelsford, a paroled convict from the Missouri penitentiary, was arrested here as he met his wife. He is accused of having stolen $4,000 worth of overall goods from the prison factory, where he worked. He was released two days ago.

The theft was committed two weeks prior to his release, Brelsford having been assured a parole.

The goods were shipped to St. Louis consigned to M. Willet, a name Brelsford assumed, and placed in storage subject to his call.

FOUND KANSAS COUNTERFEITER

N. C. Wilhite of Bucklin Held at Wichita—Outfit Taken at Hutchinson.

Wichita, Kan., June 8.—The police here have arrested N. C. Wilhite of Bucklin, Kan., and are holding him on a charge of making counterfeit $5 certificates. He passed several of the spurious bills here and in Newton, Emporia and Kansas City. Detective Stanbridge got a confession from him and went to Hutchinson, where he got the outfit. Wilhite's young wife did not know her husband had been dealing in spurious currency.

Fire at Nevada, Mo.

Nevada, Mo., June 8.—The large hay barn and stock pens in East Nevada burned. The loss is estimated at $25,000. A dozen hogs and one horse were burned. The Fall flour and feed mills, adjoining, were partially consumed.

Court Upheld Big Fee.

Washington, June 8.—The supreme court upheld the payment of $147,000 attorney's fees to Edgar Smith and a St. Louis law firm in the Cherokee litigation before the court of claims. The payment has been a source of much dispute.

"Caught" a Quake at Cleveland.

Cleveland, June 8.—Two earthquake shocks recorded by the seismograph at St. Ignatius college here, probably originated in Indiana or Michigan, according to the estimate of Father Odenbach, the curator.

MADE MEAT MEN QUIT BUSINESS

Brooklyn Women Wage War on High Prices by Smashing Store Fronts.

New York, June 8.—Women pledged to a war on high prices of staple foods started a campaign of violence in Brooklyn, directing their efforts against meat shops.

There were riotous scenes on De Kalb avenue, near Sumner avenue. The plate glass door of one shop was shattered while 500 women screamed approval. In three or four other shops housewives attacked customers, knocking from their hands parcels of meat and trampling the meat in the street until it was unfit for use. Dealers were warned against continuing to offer meat for sale.

A canvass of the district disclosed that eight shops had obeyed the orders of the housewives by removing all meat and promising not to make further sales until they can do so at the women's prices. The plan of the campaign is that families shall abstain from the use of meat and insist that meat shops they formerly patronized be closed until cheaper prices are obtained.

Rioting in Street Car Strike.

Boston, June 8.—The Boston Elevated Street Car Company is having trouble with its men, who have just organized a union. A strike vote was taken which resulted in 1,389 for to 80 against. The company attempted to run cars but crews were driven away and cars badly damaged. Many arrests have been made.

TAFT SECURES 24 DELEGATES

Alabama and Arkansas Contests Decided in Favor of President.

STONE ASKS FOR POLICE GUARD

Reports of Plans to Create Disturbance at Committee Session Caused Sergeant-at-Arms to Make Request.

Chicago, June 8.—Twenty-four delegates from Alabama and Arkansas were added to the Taft column by the action of the Republican national committee upon the Roosevelt contests from those states. All of the contests presented before the committee were decided in Taft's favor, and in all except two the decision of the committee was unanimous, although one roll-call test apparently had shown 15 anti-Taft votes.

The cases decided were those of the six delegates-at-large and the two each in the first, second, fifth, sixth and ninth congressional districts in Alabama, and the four delegates-at-large and the two each in the first and second districts of Arkansas.

The contest over the six delegates-at-large from Arizona was postponed until a later day on motion of Committeeman Penrose of Pennsylvania.

Work will begin next with the remaining Arkansas cases and these probably will be followed by the Florida cases.

Taft Men Ask for Police.

Col William F. Stone, sergeant-at-arms of the Republican national convention appealed to Mayor Harrison for police protection at the morning session of the national committee at the Coliseum.

Col. Stone's action, he said, was prompted by reports that certain Roosevelt leaders had prepared to takes steps to intimidate the membership of the committee in its deliberations on the contests.

Other members of the committee, including Col. Harry S. New of Indiana, Senator W. Murray Crane of Massachusetts, Senator Howell Sanders of Tennessee and others, said they had heard the reports of a planned Roosevelt demonstration at the committee room during the hearing.

Wants Only Justice.

Oyster Bay, N. Y., June 8.—"Justice and no more than justice" is all he wants from the Republican national committee, Col. Roosevelt said after hearing that the contests from Alabama and Arkansas were decided for the president.

TABLES TURNED ON PACKERS

Threaten Prosecution When Calf Market is Controlled by Others and Prices Raised.

Kansas City, Mo., June 8.—Three packing companies at the Kansas City Stock Yards, the Armour company, Swift's and the Nelson Morris company, have threatened prosecution of the Missouri and Kansas Calf company, of which John H. Aikens is president, on a charge of conspiracy to defraud. The charge is made by the packers that employes of the packing companies who have been assigned to buying calves have paid higher prices for calves than they should and have aided the calf company to corner the calf market.

The Missouri and Kansas Calf company has practically a corner on the calf market in all the Western markets. All calves are bid in by this company at whatever price is necessary in order to get the slaughter calves that the packers need. Then the packers have to pay the price demanded.

BANKERS OPPOSE NEW COINAGE

Say Adding and Counting Machines Would Have to be Changed, as Well as Ledgers.

Washington, June 8.—Banks have raised a storm of protest to congress and the treasury department against the proposed coinage of 3-cent and 2½-cent pieces. It is contended cash drawers and registers, adding machines and counting machines would have to be changed and it would be necessary to rule another column on ledgers to accommodate the fractional piece.

The treasury department has abandoned the idea of a fantastic ½-cent piece with a scalloped edge, in case congress should order the new coins.

More Gold Into Circulation.

Washington, June 7.—The constant popular demand for new coins has caused the government to resume the coinage of gold, although the proportion of bullion which the treasury is authorized to hold in its vaults has not yet been reached.

Grain Firm Bankrupt.

Sioux City, Ia., June 8.—The M. T. Shepherdson Grain company, of Sioux City, went into the hands of a receiver. Assets of the company amounted to $1,500 and liabilities are more than $200,000.

Dr. D. G. Smith of Arkoe was in Maryville Friday.

BUSINESS WAITS ON POLITICS

CONGRESSMEN IGNORE EVERYTHING BUT CONVENTIONS.

Occasional Calls for Quorum Interrupt Cloakroom Political Arguments—Tariff is Forgotten.

Washington, June 8.—Congress feels as much like work as a small boy who has to hoe the potatoes when the circus is in town. It just simply has no heart in the business. There's too much big politics in the air.

It looks now as if the statesmen would not be able to settle down to their normal frame of mind and tend to business until after both the Republican and Democratic conventions. And then will come the Fourth of July. So most persons about the capital have settled down to the conviction that there will be no adjournment until the middle of July. Many believe it will run along until August.

As for getting either house or senate to concentrate on a piece of legislation, that is almost an impossibility. Business is done with only a small part of the members present. It takes hard skirmishing to get a quorum together. When there is a call for a quorum, there is a reluctant breaking up of political arguments in the cloakrooms, and members hurry into the chamber and answer their names and then go out and talk more politics.

Little interest is manifested in what becomes of tariff. Interest may revive after the conventions, but it is utterly lacking at present.

NEW BASIS FOR DAMAGE SUITS

Railroad Sued for Carrying Mob to Lynching Bee in Louisiana.

Washington, June 8.—Whether a railroad that carries a mob to a town to lynch a man is liable for damages to the victim's widow and children is a unique point to be brought before the supreme court of the United States.

Mrs. Annie Rogers and three children sued the Vicksburg, Shreveport & Pacific Railroad company for having carried by special train a mob from Monroe to Tallulah, La., where Rogers was lynched. He had been charged with murdering a man and was about to be released on the ground that he had been tried once before on the charge. The lower federal court held that as a matter of law, the railroad might be liable.

WANTED NO MORE INSURANCE

Dutch Farmer Feared Life Company Would Follow the Method of the Fire Underwriters.

Judge Lawrence W. Halsey recently told the following story:

"Speaking of insurance, that reminds me of an old Dutch farmer—it's a true story, too. The man had his barn insured for $500, and one day it burned down. When the insurance agent came around, and our friend, the Dutch farmer, expected to get the $500 in cold cash, he was disappointed by the announcement of the agent, who said that his company would build a new barn, instead of paying the money to him.

"Of course, the old man was sore; he would much rather have had the money; but he couldn't do anything and so he became resigned to his fate.

"Several months after that an ambitious life insurance agent came around to the Dutch farmer and told him all about the advantages of having one's life insured. The agent proposed that the man insure the life of his wife.

"But our friend, the Dutchman, didn't reflect long before he said:

"No, siree, nothing doing on insuring any more. I would look fine insuring my wife's life for a couple of thousand dollars, and then afterwards, when she has died—which God forbid—then you come around and tell me you can find another wife for me at much less expense."

INDIAN GIRLS AS SERVANTS

In Arizona They Have Been Found to Be Fairly Skillful and Industrious Domestics.

"The best domestic servants that we can get in our isolated region are Indian girls," said Mr. George A. Hurley of Flagstaff, Ariz. "These girls, fairly skillful and moderately industrious, could scarcely be rated ideal, but on the whole, they are satisfactory, and in the absence of other help we are extremely glad to get them. Their efficiency is the result of training in the Indian schools of the reservations, and when one stops to consider their native environment and semi-savage rearing it is rather extraordinary that they should be as clever and valuable as they are.

"By temperament these Indian girls are inclined to reticence. They do what is asked of them uncomplainingly, but they rarely smile and never joke and are not demonstrative in any way, with one exception. This is when the woman in Uncle Sam's employ, who was their school superintendent or teacher, comes around to make her periodical visits in order to see how the girls who are at service are getting on. Whenever this visitor arrives the particular Indian maid who greets her gives her a welcome that for an Indian is exceedingly cordial and effusive. The girls, indeed, seem to cherish a real sentiment of deep gratitude for the one who first taught them the elements of English education and gave them their first lessons in domestic science."—Baltimore American.

NO DOUBT OF HER IDENTITY

Spirit of Woman Who Died In Automobile Accident Easily Recognized by Friend.

"There's a spirit here," gasped one of the speakers at a Spiritualistic meeting, "who seems to be very much oppressed in her breathing. She—she died in an accident—much oppressed in her breathing. It was," she continued, gazing intently into space and clutching her chest, "a—an automobile accident. Does any one here know any one who was in a fatal automobile accident?" she asked suddenly, glancing about the hall.

"I do," from a woman in the audience.

"The wheels of the automobile went over her chest," went on the medium graphically, "broke her ribs, caused oppression in her breathing. Anyway, I see her dying in an automobile accident!"

"Yes—yes!" cried the woman eagerly, "that's Mrs. Autoway! I knew it! She was in an automobile accident! At least, that is," she explained, "she was run over by a grocery wagon, but she was took to the hospital in an automobile. She got well of that and died of typhoid fever. But you come near enough to it to prove her identity."

FATHER HAS HIS REVENGE

Strikes at Sire Through Son and Gives His Expensive Daughter to Algernon.

"Sir," said Algernon, "I—I am—I mean I was going to—"

"Oh!" snapped her father. "So you were going to ask if you might marry my daughter—ah?"

There was anger and venom in his tone and Algernon looked round nervously.

"Remember, sir, that I—I—"

"Listen!" broke in her father with a snarl. "Twenty years ago your father practically ruined me. I swore a vow that I would take vengeance. And now the chance I have longed for is come!"

"But, sir," quavered Algernon, "be merciful—"

"I will not!" thundered the old man. "I will have no mercy! I will strike at the father through the son! You want my daughter? Well, then, take her—take her!"

White, and shaking with malevolent triumph, he sank in his chair, and Algernon crept out of the house with a dim foreboding at his heart—Tit-Bits.

Island of Walcheren.

It is quite worth while to stay a few days at Flushing, when landing from England, thoroughly to inspect the island of Walcheren. The island itself (says the "Autocar") is a most beautiful corner of Holland, possesses two important towns, well worth seeing, and is particularly rich in costume, unfortunately dying out in so many parts of the country. Some parts of Flushing are very old, as it was a strongly fortified port in days gone by—the headquarters of the Dutch fleet. It was from this town that Admiral de Ruyter, a native of Flushing, defeated the English fleet off the Thames in 1667, and advanced up the river toward London, creating a desperate panic among its inhabitants. The Dutch people are very proud of their admiral, and possess almost as many statues and pictures of him as we do of Nelson. The country is purely agricultural, and as the farmers go in for dairy farming a good deal, one sees numbers of spotlessly clean black and white cows everywhere, generally left in charge of a small boy, or two or three little girls in charming white caps, and quaint, much gathered black frocks.

Expensive Soda Water.

The highest price ever paid for a bottle of soda water was given in London recently when one that was a relic from the wreck of the Royal George was auctioned off and brought $134. The Royal George went down in 1782, which made the soda water 120 years old. Two-thirds of the liquid remained in the battle, the inside of which was discolored and thickly incrusted with sea salt. The bottle was of the same shape as those used for aerated water at the present time, but the glass was of a deeper green and slightly heavier. Soda water was invented in 1767, and the relic was bought by a soda water manufacturer for advertising purposes.

No Lady Killer.

M. Durand de Belleford de Gournay, who a few months ago startled the simple folk of Coutances by appearing in a brilliant uniform covered with decorations and managed to swindle the local trades-people of hundreds of pounds, cut a sorry figure when he appeared for trial at the assize court today.

His only defence is that he swindled because he wished to create an impression on a woman with whom he was in love. The judge replied: "Don't talk to me of making an impression on the fair sex. You are far to ugly," and then sentenced him to six years imprisonment.—Paris correspondence London Daily Mail.

VOLUME 3. MARYVILLE, MISSOURI, SATURDAY, JUNE 8, 1912. No. 5.

LEVY IS NINE MILLS

CITY COUNCIL PROVIDED FOR YEAR'S REVENUE FRIDAY NIGHT

AFTER AUTO SPEEDERS

Ordinance Regulating Speed and Fixing Penalties, Besides Much Other Business Transacted.

Much business was transacted by the city council at its regular meeting held Friday night. A number of ordinance were passed, outside of allowing bills and receiving the reports of the various officers for the month of May. The council was in session up to 11:30 o'clock and took an adjournment at that time to meet on Monday night when other matters will be taken up.

The tax levy for the year 1912 was made by the council. A tax of 4 mills on the $1 valuation was made for general revenue purposes; a poll tax of $2 for each male person between the ages of 21 and 51, which can be taken out by work by the person himself, otherwise the money is to be collected by street commissioner and turned into the city treasury; 1 mill tax on each $1 valuation for library purposes; a special tax of 1 mill on each $1 valuation to provide a sinking fund for certain bonds of the city; a special tax of 1 mill on each $1 valuation to pay semi-annual interest of certain bonds to be known as the macadam bond issue fund; a 1 mill tax on each $1 valuation for sewer sinking fund; this will make a city tax of 90 cents for each $100 assessed valuation.

F. P. Robinson, attorney for J. W. Morris, addressed the board and again asked that the council issue a commission to J. W. Morris as police judge. The matter will be taken up by the council at their meeting Monday night.

Mayor Robey appointed Superintendent C. A. Hawkins, R. L. McDougal and George Robb Elison as members of the Library board, their terms being out. The appointments were confirmed by the council. Bert Mack was also appointed night policeman for a year, the appointment also being confirmed.

An ordinance regulating the speed of motor vehicles and motor cycles was adopted by the council. The speed was fixed at 8 miles an hour for the business section of the city, 10 miles for residence section; and 6 miles an hour going around a corner. The city intends to enforce this ordinance and any one caught speeding on a motor cycle will be arrested.

The automobile ordinance is a stringent one. It is copied after the state laws and provides for street driving and that lights must be on after a half-hour after sunset, and that a signal be given when going around corners. Much complaint has been made about automobiles since there are so many cars here and the city took this step so as to prevent accidents.

A number of sidewalk ordinances were also passed by the council.

A building permit was granted to Drs. Wallis for building to their office building on South Main street. Another permit granted was to Childress store for a gasoline tank.

G. M. Campbell resigned as weighmaster and Mayor Robey appointed J. W. Armstrong. The appointment was confirmed by the board.

The delinquent tax list was ordered dropped from the general tax book.

Chief of Police Moberly was appointed dog enumerator and to collect the tax.

TO HAVE BARBECUE ON THE PUBLIC SQUARE

PLANS FOR FOURTH OF JULY INCLUDE A BIG FEAST.

Many Contests, Ladies' Band, Woodmen Drill Team, Company F and the Usual Public Speakers.

At a meeting Friday night of the committee in charge of the Fourth of July celebration to be held at Maryville by the Owls and the Woodmen, it was decided to hold the celebration up-town instead of the Normal park. The change was made owing to the fact that several of the merchants would rather have it around the square than way out from town.

A committee was out Saturday morning soliciting money for the celbration. It is necessary to have about $500 to go ahead with the plans now made; up to Saturday noon, over $400 was raised. The balance of the amount will be easily raised.

According to the plans now, the program of the day will consist of three concerts by the Ladies Band, drills by Company F and the Woodman drill team, athletic contests, speaking, Owls-Woodmen parade in the evening of the day, and if one can be secured, a balloon ascension in the evening.

The main feature of the day will be the barbecue to be held in the court house yard. Both the Democratic and Republican committee have promised to furnish a steer apiece for the occasion. The dinner will be from 11:30 to 1:30 o'clock and everyone is invited to attend.

For the political speaking of the day, B. R. Martin has already been secured. The committee is writing to other candidates and no doubt, many will come on this day.

Everything will be arranged for the comfort of the people. There will be seats in the court house yard, four tanks of ice water scattered around in the yard. A few concessions will be granted, such as merry-go-rounds and the like.

MEN'S BANQUET WELL ATTENDED

The Rain Kept Quite a Number From Being Present But Everybody Had a Good Time.

The women of the Baptist Church served a fine two-course dinner to the Men's Club of the church in the church parlors Friday evening. Owing to the heavy rain the country members were unable to attend, but there were thirty of the fifty members present.

The after dinner speeches were all fine and full of the right spirit that makes good feeling. Professor P. O. Landon presided over the short business session during which Rev. Lee Harrel, the pastor, was chosen toastmaster.

There were two out-of-town speakers, Walter F. David and William Farr, students of Columbia University, New York, who are visiting in the city. They both responded splendidly to the toasts given them: Mr. David on "What the Men's Club May Mean to the Church and Community;" and Mr. Farr on "The Women of the Church." The other toasts were:

"The Purpose of the Men's Club" by F. W. Olney."

"What the Men's Club Means to the Business Man and What the Old Club Did for This Church," P. O. Landon.

"What the Club Hopes to Do," Anderson Craig.

New officers were elected for the coming year as follows: Alfred Estes, president; O. L. Holmes, vice-president; Orlo Quinn, secretary; Captain Charles Hyslop, treasurer.

Social Committee—John Anderson, P. O. Landon, Professor E. L. Harrington, Ursle Crockett.

The club will meet again in two weeks in Director Landon's studio.

TAKEN BY ASYLUM

Walter Rogers Was Taken by the Asylum at Bartonsville, Ill.

Sheriff Tilson returned Friday night from Quincy, Ill., where he took Walter Rogers, the crazy man that has been in jail here. The sheriff was met by the authorities from the asylum at Bartonsville and they decided to take Rogers back to that institution, where he had been an inmate several years ago, escaping from that institution. Rogers was very peaceable on his trip and did not cause any trouble.

Mr. and Mrs. J. A. Sparks of Orrsburg were in town Friday.

MISS ANTHONY HONORED.

Normal Instructor Appointed Chairman of Executive Committee of State Home Economics

Miss Hettie M. Anthony, who is at the head of the Home Economics department of the Normal, has been honored by having been appointed chairman of the executive committee of the Home Economics Teachers' Organization of Missouri.

The position of chairman of this committee is a very responsible one and since the membership of the organization includes all the home economics instructors of the University and the Normal schools of Missouri, the appointment is indeed an honor.

Miss Anthony is recognized throughout the state as an authority in her department, and is called from time to time to deliver lectures before domestic science meetings throughout the district.

STARTED WORK AGAIN ON WELLS

The Seventh Well Was Begun Saturday Under Direction of Board of Public Works.

The seventh test well to find out if a city supply of water could be furnished from wells, was dug Saturday morning. At a depth of 17 feet, sand and gravel was struck and on Saturday they were still in the sand and gravel bed being 22 feet deep. The indications are that this well is better than any of the others. Several more wells will be dug on the land near the Wabash track east of the city.

CHAS. BARTON DEAD

EXPIRED IN ST. JOSEPH HOSPITAL AT 9 O'CLOCK FRIDAY NIGHT

WIFE MAY NOT RECOVER

Blood Poisoning is Principal Danger for Woman Whose Husband Shot Her and Himself.

Charles Barton, the brother of Herman G. Barton of this city, who shot himself and his wife at their home in St. Joseph Thursday evening while in a drunken frenzy, died in St Joseph's hospital Friday night at 9 o'clock.

Herman Barton of this city went to St. Joseph Friday evening. He telephoned his family about his brother's death at 9:30 Friday night.

Another telephone message from him Saturday morning at 6 o'clock stated that the physicians have no hope of Mrs. Barton's recovery.

Two of the bullets fired into the woman passed entirely through her. The third lodged in the back, near the left shoulder, and was removed by the doctors this morning. The cavaties of both lungs were penetrated, but the lungs proper were not touched. The doctors say blood poisoning is her principal danger now.

The Bartons have two children, Neoma, ten years old, and Harry, eight years old. They were at a neighbor's house when the shooting took place, but they returned home before the police arrived. The family has lived in St. Joseph since last November, having removed there from Maryville. Prior to their residence in Maryville they lived in Burlington Junction and Parnell. The couple was married in St. Joseph twelve years ago. Barton until several days ago was employed by Swift & Company as a produce buyer at Savannah.

Mrs. Barton has three brothers and two sisters living in St. Joseph, George Henry and August Schnaitman and Miss Alma Schnaitman and Mrs. Sophia McClane.

HAD DELIGHTFUL VOYAGE.

Miss Mae Corwin Cabled Saturday From Gibralter of Smooth Seas and Fair Skies.

Mr. and Mrs. C. C. Corwin received a cablegram Friday evening at 7 o'clock from their daughter, Miss Mae Corwin, which announced the arrival of herself and party at Gibralter, after a delightful voyage on the steamer Moltke.

The message from Miss Corwin came a day sooner than was expected by her parents, as the steamer on which they sailed out of New York City at ten o'clock in the morning of May 29, struck a sand bar in Ambrose channel and had to stay there until five o'clock in the evening, when they drifted out with the tide. It seems that the Moltke made up the time lost at the beginning of the voyage, as the journey was made in exactly nine days.

OILING NORMAL ROAD.

Exepriment Being Tried Here Which Has Proven Successful Elsewhere.

The Normal commenced work Friday on the oiling of the road leading to the building. The road bed was scraped off and then a discus used, scraping all of the dirt off. On Monday, the oil will be used. They will apply three coats of oil and the plan that will be used will be to put some of the dirt back in the road and then apply the oil, keeping this up for three layers of the road. Then for the top layer, the oil will be put on and the road will be in a curve shape, or in other words, the center of the road will be much higher than at the edges. There will also be a ditch at each side of the road.

It is figured that 40 barrels of oil will be necessary to be used. The oil is here, having been sent from the Sugar Creek Refinery at Kansas City. The oil will be put on with the old city sprinkler.

The work and the result will be watched with interest as the city might also use the same plan for more of their roads. The city is to give a try-out of the oil for roads on West Third street from the end of the pavement to the Normal park.

Ed Sherlock Hart.

As Ed Sherlock was coming to Maryville on business Friday evening about five o'clock, his team became frightened by the loosening of one of the buggy shafts and ran away the distance of a block, turning the corner at Mulberry and Seventh streets. When the horses reached the George Conrad residence they ran up to the parkway and to the terrace, upsetting and tearing up the buggy considerably. Mr. Sherlock was thrown out in the buggy top, which broke the force of his fall, it is believed by those who saw the runaway, to the extent of saving his life. He was bruised up a good deal and his left hand skinned up, but his wounds were attended to at the Conrad home. A can of cream Mr. Sherlock was bringing to town was thrown out and rolled around, but did not spill. The team was stopped by William Glaze, in front of his residence. Mr. Sherlock secured another buggy in which to go home.

TOWN HALL FOR PICKERING

Mother's Club Entertained Men Folks Who Discussed Much Needed Improvement.

The Pickering Mothers' club enjoyed an open air meeting Friday evening on the beautiful, shady lawn of Mr. and Mrs. O. G. Null. The meeting was opened by the president, Mrs. Laura Watson. After the opening preliminaries Mrs. John McGuire, the leader for the day, took charge. Hazel Jones and Sadie Neal favored the club with a duet. Hazel Rutherford and Rowena Hull gave recitations and Eugenia Hull sang, "Come Back to Play-land with Me." The leader then introduced a round table discussion upon "The Value and Advantages of a Kindergarten, and How to Secure One."

The mothers had invited the fathers and their children to take supper with them; and they did ample justice to the delicious lap supper consisting of ham and chicken sandwiches, deviled eggs, pickles, strawberries served with rich country cream, ice cream and cake.

After the refreshments were served the men were asked to speak upon the subject, "Does Pickering need a Town Hall." Dr. E. L. Crowson opened the discussion followed by Rev. H. J. Dueker. O. G. Null spoke on, "How to Agitate It." Howard Wray and C. G. McMillen on, "How to Finance the Project. Dr. J. R. Heryford and Rev. F. M. Lindenmeyer also added to the discussion.

The fathers voted unanimously that they would welcome a second invitation. All in all it was a delightful and profitable evening and the fathers are all willing to testify that the Mothers' club of Pickering does things.

WILL BE MEMORIAL SERVICE.

Pres. H. K. Taylor and Other Speakers Will Address People at Workman Chapel Sunday, June 16.

The annual basket meeting that is always at Workman chapel, ten miles northwest of Maryville, and seven miles east of Burlington Junction, the third Sunday in June, will be of more than usual interest this year as it will be a Memorial day service.

The people of that community can not observe decoration day in the manner they would like, so those who have the matter in charge have decided to make the annual basket dinner and meeting a regular memorial service. They have secured speakers who will deliver addreses appropriate to such a service and their names will be announced later.

President H. K. Taylor of the State Normal will deliver the principal address.

secretary, a positon she had held for two years.

The new state recording secretary of the P. E. O. is Miss Gladys Fowler, daughter of Judge and Mrs. C. R. Fowler of Edina, Mo. Miss Fowler has frequently visited Maryville at the home of her grandmother, Mrs. Calista Dawson.

Miss Todd was the guest of Mr. and Mrs. O. H. Perry while in Moberly. Mr. Perry is well remembered as a young Maryville druggist of a few years ago. He is now one of Moberly's foremost business men.

Will Give Missionary Tea.

At the meeting of the Womans' Missionary Society of the First Baptist Church, held Thursday afternoon at the home of Mrs. S. T. Gile, 309 East Edward street, it was decided to give a missionary tea some time this month at the home of Miss Ada Albert. The president, Mrs. Eugene Ogden also appointed the year book committee, which will soon meet to prepare the course of study for the coming year. Those comprising the committee are: Mrs. G. W. Hempstead, Rev. and Mrs. Lee Harrel, Mrs. Lewis White, Mrs. Anderson Craig, Miss Ada Albert and Mrs. M. E. Malotte. After the business session the program opened with a Bible study led by Mrs. Malotte, entitled: "A Missionary Maiden," the text for which was found in 2 Kings 5:1-19. Roll call was responded to with the names of persons Jesus healed or some reference to his healing work. The subject of the mission study was Medical Missions. Two papers were given, one by Mrs. M. E. Hunt on "Diseases of the Orient," and the other by Mrs. Lewis E. White on "Our Hospitals on the Foreign Field." There was one visitor at the meeting, Mrs. L. S. Yeo.

P. E. O. "Shower" for Bride-To-Be.

Miss Lella Bonewitz was given a happy surprise Friday afternoon at the called meeting of the P. E. O. chapter held at the home of Mrs. J. C. Denham. The meeting was presumably for the purpose of hearing the report of the delegates to the state convention at Moberly. Miss Bonewitz and Miss Mabel Todd having returned that morning from the convention. Other busines of importance was attended to and all the business of the past year was attended to and closed, as this was the last meeting until September, when a new year will commence with the chapter. When the meeting was at its end, things took a sudden turn. A large table, bearing many packages, was brought into the parlor and placed before Miss Bonewitz, who, as we all know, is to be married next week. She was asked to open the packages, which were found to contain various things for housekeeping use. Accompanying each gift was an appropriate verse, which Miss Bonewitz read to the delight of everybody. Besides all these pretty gifts, each of the eighteen members present brought Miss Bonewitz a tea towel, hemstitched and marked with her initials. Mrs. Denham then served ices and cakes in the chapter colors, yellow and white.

Her Daughter's Birthday.

In honor of her daughter, Virginia, Mrs. Stella Lawson entertained a few of her daughter's friends Friday afternoon at dominoes and with a guessing contest, in observance of her thirteenth birthday anniversary. Those present were: Mary Louise Andrews, Lou Mutz, Gladys Morehouse, Ada Diss, Doris, Cornett, Grace Ferritor, Helen Rose Crawford, Marie Landfather, Bernice Crawford, Blanche Landfather, Lela Maier, Mary Carpenter, Virginia Belle Dean, John Russell Robey, Paul C. Robey, Lawrence LaVern Robey, Donald L. Robey, Mr. W. A. Miller and Mayor A. S. Robey. Assisting the hostess were Mrs. Manorgan of Quitman, Mrs. Everett Heideman, Virginia Belle Dean and Mrs. Charles Viles. A color scheme of pink and white was used for decorating. On each of the four tables where the games were played and the refreshments served was a centerpiece of pink and white and vases of pink and white carnations or pink and white roses. In the progressive domino game Blanche Landfather won the first prize, an American Beauty rose. The consolation prize, a penny, went to Ada Diss. The prize in the guessing game, a beautiful Japanese vase, went to John Russell Robey. At five o'clock refreshments were served. At this time Mr. W. A. Miller came to join in the festivities, as it was also his birthday anniversary. The beautiful birthday cake had the name "Virginia," on the top and under it the figure "13." Twelve pink and white lighted candles surrounded the cake and one was placed in the center. The cake had a penny, a ring and a thimble in it. Mary Louise Andrews found the penny and she will of course become a millionairess. Grace Ferritor found the ring and was thought to become engaged right away. Virginia Lawson found the thimble, and although that is considered a very bad sign, it is no reason at all that she is going to be an old maid. After the refreshments were served the guests departed for their homes, and each was presented a pink or white carnation, all wishing Virginia many more such happy events. Among the many beautiful presents she received was a lovely gold watch and chain, given by her uncle, Alfred Royston. The guest of honor delighted her friends with several piano numbers.

The Tom Thumb Wedding.

One of the prettiest and most successful events that has taken place in the county in a long, long time, was the Tom Thumb wedding given at Palestine Christian Church, eleven miles southwest of Maryville, Thursday evening at 7:30 o'clock. The wedding was presented by twenty-seven children of the neighborhood, all between the ages of five and eleven years.

The church was decorated as for a real wedding and the children are entitled to all the praise they are receiving for the dignity, grace and sweetness with which they performed their parts.

The distinguished guests at the wedding do not more appear what and who they are than did the little folks who impersonated them that evening.

Each guest was announced on arrival by the usher, Edward Neal, who also escorted them to their seats, a complete list of whom are given below.

The sweet strains of the wedding march, played by Loretta Gex, daughter of Mr. and Mrs. John Gex, proclaimed the approach of the bridal party, which was preceded to the altar by the minister, Arthur Snowberger, eight-year-old son of Mr. and Mrs. Theodore Snowberger.

The little bride and bridegroom were Mary Gex, seven-year-old daughter of Mr. and Mrs. William Gex, and Ralph McDowell, nine-year-old son of Mr. and Mrs. C. C. McDowell.

The bride was gowned in white organdy and carried bridal roses. Her long white veil was held in place by a cluster of syringas, the mock orange blossom. Her bridesmaids, in pretty dresses of white, carried pink roses. The bridegroom and his groomsmen wore the conventional black dress suits.

The bridesmaids and groomsmen were Eva Crawford, Beulah McDowell and Elizabeth Shamberger; Anthony Gex, Robert Mountjoy and Joe Gex.

The little flower girls were Lucile Crawford and Zay McDowell.

After the ceremony congratulations were extended by the guests, who included:

President and Mrs. William H. Taft (Stanley Noal and Martha Norris.)

Governor and Mrs. Herbert S. Hadley (Willie Miller and Nina Shockley).

Judge and Mrs. William C. Ellison (Arthur Charles and Ruth Ramey).

Honorable and Mrs. William Jennings Bryan (Joe Mountjoy Burris and Pearl Smith).

Prosecuting Attorney George P. Wright and Mrs. Wright (T. J. McNeal and Virginia Burris).

Mr. and Mrs. June, parents of the bride (Oliver McNeal and Mary Smith).

Oscar and Adolph of the St. Joseph News-Press (William Lyle and Brooking Gex).

Skygart of Mars of the St. Joseph News-Press (Clarence Charles).

Representative-to-be William B. Gex and Mrs. Gex (Harold Miller and Mariam Catterson).

Judge and Mrs. Smith of the South District (Willis Lyle and Mildred Miller).

After congratulations had been extended the entire wedding party joined with the assembled multitude in a regular church social, ice cream, cake and strawberries being served. The ladies cleared $35 from their effort.

The success of the wedding is due Mrs. C. C. McDowell, Mrs. Henry Anderson, Mrs. Theodore Snowberger, Mrs. John Neal and Mrs. W. V. Mountjoy who made the arrangements and trained the children for their parts.

SAFETY

WABASH BLOCK SIGNALS

The Improvement Program on the Wabash provides for extensive installation of block signals. All of the new double track will be signalled with a modern type of semaphore signals, the construction being of the highest grade, with concrete battery walls and permanent material throughout.

Block signalling on a railroad consists of a track circuit, that is, bonding the rails together with copper wires around the joints. Copper wire is also carried on the telegraph pole line and connected with the track at both ends, at distances of a mile, which is the spacing of the signals and this section is insulated from the next, making what is termed in signal parlance, a "block section."

Each section has an overlap so that a train after passing a signal will not clear it until it has passed a point 2,000 feet beyond it, thus insuring that a signal will not give a clear indication with a train standing near it.

The signals are energized by batteries located along the track, and the battery is so arranged as to hold the signals clear. When a train enters upon a circuit, this has the effect of switching the battery off and the signal goes to stop of its own weight and remains there indefinitely, or so long as the train is in the block.

The apparatus is so sensitive that any metallic contact from rail to rail, such as a hand car or a crow bar laid across the track, will set the signals at danger.

The signals are located so that the enginemen of trains get sufficient view approaching them to stop a train before passing a signal.

The block signal rules under which Wabash trains operate are standardized by the American Railway Association, and the practice generally adopted is that a train finding a signal at danger on double track will come to a full stop and then proceed under control, until the next clear signal is reached. On single track, trains finding signals at danger must come to a stop and be preceded by a flagman until the next clear signal is reached. Thus the rules provide for absolute safety in train operation.

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me paln was raw eggs.

I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Thedford's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron." This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Thedford's."

UNVEIL STATUE OF DISCOVERER

Columbus Memorial Dedicated in National Capital.

PROCESSION IS IMPRESSIVE

Hundred Thousand Men in Line, With Symbolical Floats—Italian Ambassador Releases Flags and President Taft Speaks.

Washington, June 8.—While President Taft smiled his pleasantest smile and a crowd of spectators which taxed the capacity of the Union Station plaza loudly applauded, the Columbus memorial procession of nearly 100,000 men filed past the $100,000 monument to the discoverer of the western world, shortly after noon today.

The procession, which formed one of the most impressive pageants ever held in Washington, was made up of 15,000 soldiers, sailors and marines and from 80,000 to 85,000 citizens, Knights of Columbus and members of other patriotic and religious organizations.

Interspersed among the marching men were huge floats drawn by teams of four, eight and ten horses. They symbolized the advancing steps of civilization. A half dozen bands blared forth patriotic airs and the entire parade made an impression half solemn, half festive, as it proceeded along the line of march from the White House to Stanton square.

Work of Knights of Columbus.

The procession, and, in fact, the entire celebration and unveiling of the Columbus memorial was held under the auspices of the Knights of Columbus. That organization was instrumental in gaining the appropriation for the erection of the monument which stands on the broad plaza of the New Union station at Washington.

Brig. Gen. R. K. Evans, U. S. A., acted as grand marshal of the day, and rode at the head of the parade. The exercises began at the memorial at 2:30 o'clock. Secretary of State Knox held the gavel at the speakers' stand, and after Mgr. Thomas J. Shahan, rector of the Catholic University of America, had delivered the invocation, he introduced Justice Victor J. Dowling of the supreme court of New York, who delivered an address.

The Marquis Cusani-Confalonieri, Italian ambassador to the United States, then pulled the strings which released the huge American flag draped over the memorial, and as the Marine band struck up the national anthem, the colors floated down, revealing the heroic statue of the great navigator. When the first folds of the flag began to fall a battery of artillery commenced the thunder of a salute of 21 guns.

Address by President Taft.

When the noise from the cannon had subsided, Secretary Knox introduced President Taft, who addressed the assemblage at considerable length. The president reviewed the progress of civilization and described the important part Christopher Columbus had played in hastening it.

Tonight there will be a banquet at the New Willard hotel, which will be attended by several thousand persons.

The monument, which was designed by the late Daniel H. Burnham, architect, and Lorado Taft, sculptor, is placed directly in front and facing the capitol, which is only a few blocks distant.

ALUMINUM TRUST IS DESTROYED

Decree of Federal Court Puts an End to Combinations to Control Output or Prices.

Pittsburgh, Pa., June 8.—For the purpose of destroying the alleged substantial monopoly of the aluminum trust, an agreed decree was entered in the United States district court here against the Aluminum Company of America. The decree abrogates alleged unlawful contracts and the company is forbidden to participate in any combination or aggreement to control the output or prices of aluminum. The decree may be modified upon the production of evidence that it is working an injustice. Application for modification, however, cannot be made oftener than once in every three years.

MANY KILLED IN POWDER MILL

Two Hundred Tons in Austrian Factory Explodes—Bodies Widely Scattered.

Vienna, June 8.—Thirty men are known to have been killed and torn to pieces near here. Fragments of bodies scattered all over the vicinity indicated that possibly more were blown to their death by an explosion in an ammunition factory at Mollsdoerf. Two hundred tons of powder blew up and the countryside was shaken as by an earthquake.

STARTS MOVE TO IMPEACH HANFORD

Representative Berger Severely Arraings Federal Judge.

RESOLUTION ADOPTED BY HOUSE

Wisconsin Socialist Charges Series of Corrupt Decisions and Habitual Drunkenness—Will Answer Every Accusation.

Washington, June 8.—Representative Berger, Socialist, of Wisconsin, began impeachment proceedings against Federal Judge Hanford of Seattle, who recently deprived Leonard Olsson of that city of his citizenship because he was a Socialist.

Representative Berger charged Judge Hanford "with high crimes and misdemeanors, a long series of corrupt and unlawful decisions and being an habitual drunkard." He asked that the judiciary committtee be instructed to investigate.

The department of justice is already assisting Olsson's attempt to have Judge Hanford's decision reopened.

Refuses to Discuss Matter.

Seattle, June 8.—United States District Judge Cornelius Hanford refused to discuss the impeachment proceedings, except to say that he would answer every charge made against him. He will hold court in Tacoma on next Wednesday, and it is expected he then will rule upon the petition of United States District Attorney W. G. McLearen for a reopening of the suit instituted by the district attorney's office for annulment of the citizenship papers of Leonard Olsson, which suit on May 10 was decided against Olsson.

The house adopted Mr. Berger's resolution directing the judiciary committee to investigate.

Olsson Naturalized.

On January 10, 1910, in Tacoma Leonard Olsson, a Scandinavian, appeared as an applicant for final citizenship papers and a certificate of naturalization was issued to him.

On September 21, 1910, John Speed Smith, a naturalization examiner, filed an affidavit charging that Leonard Olsson under oath had stated that he was not attached to the principles of the constitution of the United States.

The district attorney's office thereupon filed a suit to annul Olsson's citizenship papers.

Judge Hanford had been on bad terms with the labor unions ever since 1893, when he caused troops to be used in the American Railway union strike.

Hanford aroused a storm during the Gill recall campaign of 1910 by issuing an injunction forbidding the recall election on petition of a non-resident property owner. The circuit court of appeals dissolved the injunction.

STOLE WHILE STILL IN PRISON

Paroled Convict Began Thievery Two Weeks Before Leaving Penitentiary.

St. Louis, June 8.—William W. Brelsford, a paroled convict from the Missouri penitentiary, was arrested here as he met his wife. He is accused of having stolen $4,000 worth of overall goods from the prison factory, where he worked. He was released two days ago.

The theft was committed two weeks prior to his release, Brelsford having been assured a parole.

The goods were shipped to St. Louis consigned to M. Willet, a name Brelsford assumed, and placed in storage subject to his call.

FOUND KANSAS COUNTERFEITER

N. C. Wilhite of Bucklin Held at Wichita—Outfit Taken at Hutchinson.

Wichita, Kan., June 8.—The police here have arrested N. C. Wilhite of Bucklin, Kan., and are holding him on a charge of making counterfeit $5 certificates. He passed several of the spurious bills here and in Newton, Emporia and Kansas City. Detective Stanbridge got a confession from him and went to Hutchinson, where he got the outfit. Wilhite's young wife did not know her husband had been dealing in spurious currency.

Fire at Nevada, Mo.

Nevada, Mo., June 8.—The large hay barn and stock pens in East Nevada burned. The loss is estimated at $25,000. A dozen hogs and one horse were burned. The Fall flour and feed mills, adjoining, were partially consumed.

Court Upheld Big Fee.

Washington, June 8.—The supreme court upheld the payment of $147,000 attorney's fees to Edgar Smith and a St. Louis law firm in the Cherokee litigation before the court of claims. The payment has been a source of much dispute.

"Caught" a Quake at Cleveland.

Cleveland, June 8.—Two earthquake shocks recorded by the seismograph at St. Ignatius college here, probably originated in Indiana or Michigan, according to the estimate of Father Odenbach, the curator.

MADE MEAT MEN QUIT BUSINESS

Brooklyn Women Wage War on High Prices by Smashing Store Fronts.

New York, June 8.—Women pledged to a war on high prices of staple foods started a campaign of violence in Brooklyn, directing their efforts against meat shops.

There were riotous scenes on De Kalb avenue, near Sumner avenue. The plate glass door of one shop was shattered while 500 women screamed approval. In three or four other shops housewives attacked customers, knocking from their hands parcels of meat and trampling the meat in the street until it was unfit for use. Dealers were warned against continuing to offer meat for sale.

A canvass of the district disclosed that eight shops had obeyed the orders of the housewives by removing all meat and promising not to make further sales until they can do so at the women's prices. The plan of the campaign is that families shall abstain from the use of meat and insist that meat shops they formerly patronized be closed until cheaper prices are obtained.

Rioting in Street Car Strike.

Boston, June 8.—The Boston Elevated Street Car Company is having trouble with its men, who have just organized a union. A strike vote was taken which resulted in 1,389 for to 80 against. The company attempted to run cars but crews were driven away and cars badly damaged. Many arrests have been made.

Thirteenth a Tragedy Street.

St. Joseph, Mo., June 8.—One man is dead, two persons dying and one dangerously injured as the result of tragedies along Thirteenth street within a few blocks of each other.

BUSINESS WAITS ON POLITICS

CONGRESSMEN IGNORE EVERYTHING BUT CONVENTIONS.

Occasional Calls for Quorum Interrupt Cloakroom Political Arguments—Tariff is Forgotten.

Washington, June 8.—Congress feels as much like work as a small boy who has to hoe the potatoes when the circus is in town. It just simply has no heart in the business. There's too much big politics in the air.

It looks now as if the statesmen would not be able to settle down to their normal frame of mind and tend to business until after both the Republican and Democratic conventions. And then will come the Fourth of July. So most persons about the capital have settled down to the conviction that there will be no adjournment until the middle of July. Many believe it will run along until August.

As for getting either house or senate to concentrate on a piece of legislation, that is almost an impossibility. Business is done with only a small part of the members present. It takes hard skirmishing to get a quorum together. When there is a call for a quorum, there is a reluctant breaking up of political arguments in the cloakrooms, and members hurry into the chamber and answer their names and then go out and talk more politics.

Little interest is manifested in what becomes of tariff. Interest may revive after the conventions, but it is utterly lacking at present.

NEW BASIS FOR DAMAGE SUITS

Railroad Sued for Carrying Mob to Lynching Bee in Louisiana.

Washington, June 8.—Whether a railroad that carries a mob to a town to lynch a man is liable for damages to the victim's widow and children is a unique point to be brought before the supreme court of the United States.

Mrs. Annie Rogers and three children sued the Vicksburg, Shreveport & Pacific Railroad company for having carried by special train a mob from Monroe to Tallulah, La., where Rogers was lynched. He had been charged with murdering a man and was about to be released on the ground that he had been tried once before on the charge. The lower federal court held that as a matter of law, the railroad might be liable.

TAFT SECURES 24 DELEGATES

Alabama and Arkansas Contests Decided in Favor of President.

STONE ASKS FOR POLICE GUARD

Reports of Plans to Create Disturbance at Committee Session Caused Sergeant-at-Arms to Make Request.

Chicago, June 8.—Twenty-four delegates from Alabama and Arkansas were added to the Taft column by the action of the Republican national committee upon the Roosevelt contests from those states. All of the contests presented before the committee were decided in Taft's favor, and in all except two the decision of the committee was unanimous, although one roll-call test apparently had shown 15 anti-Taft votes.

The cases decided were those of the six delegates-at-large and the two each in the first, second, fifth, sixth and ninth congressional districts in Alabama, and the four delegates-at-large and the two each in the first and second districts of Arkansas.

The contest over the six delegates-at-large from Arizona was postponed until a later day on motion of Committeeman Penrose of Pennsylvania.

Work will begin next with the remaining Arkansas cases and these probably will be followed by the Florida cases.

Taft Men Ask for Police.

Col William F. Stone, sergeant-at-arms of the Republican national convention appealed to Mayor Harrison for police protection at the morning session of the national committee at the Coliseum.

Col. Stone's action, he said, was prompted by reports that certain Roosevelt leaders had prepared to takes steps to intimidate the membership of the committee in its deliberations on the contests.

Other members of the committee, including Col. Harry S. New of Indiana, Senator W. Murray Crane of Massachusetts, Senator Howell Sanders of Tennessee and others, said they had heard the reports of a planned Roosevelt demonstration at the committee room during the hearing.

Wants Only Justice.

Oyster Bay, N. Y., June 8.—"Justice and no more than justice" is all he wants from the Republican national committee, Col. Roosevelt said after hearing that the contests from Alabama and Arkansas were decided for the president.

TABLES TURNED ON PACKERS

Threaten Prosecution When Calf Market is Controlled by Others and Prices Raised.

Kansas City, Mo., June 8.—Three packing companies at the Kansas City Stock Yards, the Armour company, Swift's and the Nelson Morris company, have threatened prosecution of the Missouri and Kansas Calf company, of which John H. Aikens is president, on a charge of conspiracy to defraud. The charge is made by the packers that employes of the packing companies who have been assigned to buying calves have paid higher prices for calves than they should and have aided the calf company to corner the calf market.

The Missouri and Kansas Calf company has practically a corner on the calf market in all the Western markets. All calves are bid in by this company at whatever price is necessary in order to get the slaughter calves that the packers need. Then the packers have to pay the price demanded.

BANKERS OPPOSE NEW COINAGE

Say Adding and Counting Machines Would Have to be Changed, as Well as Ledgers.

Washington, June 8.—Banks have raised a storm of protest to congress and the treasury department against the proposed coinage of 3-cent and ½-cent pieces. It is contended cash drawers and registers, adding machines and counting machines would have to be changed and it would be necessary to rule another column on ledgers to accommodate the fractional piece.

The treasury department has abandoned the idea of a fantastic ½-cent piece with a scalloped edge, in case congress should order the new coins.

More Gold Into Circulation.

Washington, June 7.—The constant popular demand for new coins has caused the government to resume the coinage of gold, although the proportion of bullion which the treasury is authorized to hold in its vaults has not yet been reached.

Grain Firm Bankrupt.

Sioux City, Ia., June 8.—The M. T. Shepherdson Grain company, of Sioux City, went into the hands of a receiver. Assets of the company amounted to $1,500 and liabilities are more than $200,000.

WANTED NO MORE INSURANCE

Dutch Farmer Feared Life Company Would Follow the Method of the Fire Underwriters.

Judge Lawrence W. Halsey recently told the following story:

"Speaking of insurance, that reminds me of an old Dutch farmer—it's a true story, too. The man had his barn insured for $500, and one day it burned down. When the insurance agent came around, and our friend, the Dutch farmer, expected to get the $500 in cold cash, he was disappointed by the announcement of the agent, who said that his company would build a new barn, instead of paying the money to him.

"Of course, the old man was sore; he would much rather have had the money; but he couldn't do anything and so he became resigned to his fate.

"Several months after that an ambitious life insurance agent came around to the Dutch farmer and told him all about the advantages of having one's life insured. The agent proposed that the man insure the life of his wife.

"But our friend, the Dutchman, didn't reflect long before he said:

"No, siree, nothing doing on insuring any more. I would look fine insuring my wife's life for a couple of thousand dollars, and then afterwards, when she has died—which God forbid—then you come around and tell me you can find another wife for me at much less expense."

INDIAN GIRLS AS SERVANTS

In Arizona They Have Been Found to Be Fairly Skillful and Industrious Domestics.

"The best domestic servants that we can get in our isolated region are Indian girls," said Mr. George A. Hurley of Flagstaff, Ariz. "These girls, fairly skillful and moderately industrious, could scarcely be rated ideal, but on the whole, they are satisfactory, and in the absence of other help we are extremely glad to get them. Their efficiency is the result of training in the Indian schools of the reservations, and when one stops to consider their native environment and semi-savage rearing it is rather extraordinary that they should be as clever and valuable as they are.

"By temperament these Indian girls are inclined to reticence. They do what is asked of them uncomplainingly, but they rarely smile and never joke and are not demonstrative in any way, with one exception. This is when the woman in Uncle Sam's employ, who was their school superintendent or teacher, comes around to make her periodical visits in order to see how the girls who are at service are getting on. Whenever this visitor arrives the particular Indian maid who greets her gives her a welcome that for an Indian is exceedingly cordial and effusive. The girls, indeed, seem to cherish a real sentiment of deep gratitude for the one who first taught them the elements of English education and gave them their first lessons in domestic science."—Baltimore American.

NO DOUBT OF HER IDENTITY

Spirit of Woman Who Died In Automobile Accident Easily Recognized by Friend.

"There's a spirit here," gasped one of the speakers at a Spiritualistic meeting, "who seems to be very much oppressed in her breathing. She—she died in an accident—much oppressed in her breathing. It was," she continued, gazing intently into space and clutching her chest, "a—an automobile accident. Does any one here know any one who was in a fatal automobile accident?" she asked suddenly, glancing about the hall.

"I do," from a woman in the audience.

"The wheels of the automobile went over her chest," went on the medium graphically, "broke her ribs, caused oppression in her breathing. Anyway, I see her dying in an automobile accident!"

"Yes—yes!" cried the woman eagerly, "that's Mrs. Autoway! I knew it! She was in an automobile accident! At least, that is," she explained, "she was run over by a grocery wagon, but she was took to the hospital in an automobile. She got well of that and died of typhoid fever. But you come near enough to it to prove her identity."

FATHER HAS HIS REVENGE

Strikes at Sire Through Son and Gives His Expensive Daughter to Algernon.

"Sir," said Algernon, "I—I am—I mean I was going to—"

"Oh!" snapped her father. "So you were going to ask if you might marry my daughter—eh?"

There was anger and venom in his tone and Algernon looked round nervously.

"Remember, sir, that I—I—"

"Listen!" broke in her father with a snarl. "Twenty years ago your father practically ruined me. I swore a vow that I would take vengeance. And now the chance I have longed for is come!"

"But, sir," quavered Algernon, "be merciful—"

"I will not!" thundered the old man. "I will have no mercy! I will strike at the father through the son! You want my daughter? Well, then, take her—take her!"

White, and shaking with malevolent triumph, he sank in his chair, and Algernon crept out of the house with a dim foreboding at his heart—Tit-Bits.

Island of Walcheren.

It is quite worth while to stay a few days at Flushing, when landing from England, thoroughly to inspect the island of Walcheren. The island itself (says the "Autocar") is a most beautiful corner of Holland, possesses two important towns, well worth seeing, and is particularly rich in costume, unfortunately dying out in so many parts of the country. Some parts of Flushing are very old, as it was a strongly fortified port in days gone by—the headquarters of the Dutch fleet. It was from this town that Admiral de Ruyter, a native of Flushing, defeated the English fleet off the Thames in 1667, and advanced up the river toward London, creating a desperate panic among its inhabitants. The Dutch people are very proud of their admiral, and possess almost as many statues and pictures of him as we do of Nelson. The country is purely agricultural, and as the farmers go in for dairy farming a good deal, one sees numbers of spotlessly clean black and white cows everywhere, generally left in charge of a small boy, or two or three little girls in charming white caps, and quaint, much gathered black frocks.

Expensive Soda Water.

The highest price ever paid for a bottle of soda water was given in London recently when one that was a relic from the wreck of the Royal George was auctioned off and brought $134. The Royal George went down in 1782, which made the soda water 120 years old. Two-thirds of the liquid remained in the battle, the inside of which was discolored and thickly incrusted with sea salt. The bottle was of the same shape as those used for aerated water at the present time, but the glass was of a deeper green and slightly heavier. Soda water was invented in 1767, and the relic was bought by a soda water manufacturer for advertising purposes.

No Lady Killer.

M. Durand de Belleford de Gournay, who a few months ago startled the simple folk of Coutances by appearing in a brilliant uniform covered with decorations and managed to swindle the local trades-people of hundreds of pounds, cut a sorry figure when he appeared for trial at the assize court today.

His only defence is that he swindled because he wished to create an impression on a woman with whom he was in love. The judge replied: "Don't talk to me of making an impression on the fair sex. You are far to ugly," and then sentenced him to six years imprisonment.—Paris correspondence London Daily Mail.
